

Taexx® Built-in Pest Control System

Warranty Registration

Your new home has the Taexx built-in pest control system. This network of distribution lines runs through designated walls and is connected to locked service ports on the outside of your home. The Taexx system comes with a lifetime warranty for workmanship when the system is activated by HomeTeam Pest Defense in the first year and continuously serviced thereafter by HomeTeam.

Subterranean Termite Treatment

Warranty Registration

HomeTeam Pest Defense applied a termite treatment to your home during construction in partnership with your builder. The subterranean termite treatment comes with a \$1,000,000 warranty. This annual warranty covers damage repairs and re-treatment. See warranty and agreement for details.

Please complete the warranty registration and return to HomeTeam Pest Defense.
