

HomeLink®

READ BEFORE INSTALLATION

IN THE RARE CASE THE HOMELINK® SYSTEM DOES NOT PROGRAM WITH THE SECURITY+ 2.0™ GARAGE DOOR OPENER, INSTALL A REPEATER KIT. REFER TO HOMELINK® INSTRUCTIONS BELOW.

LEAVE FOR CONSUMER - PLEASE KEEP THIS INFORMATION WITH YOUR OWNER'S MANUAL

HomeLink® is the in-vehicle system. The image used is for reference only and your product may look different.

WHEN TO INSTALL A HOMELINK® REPEATER KIT:

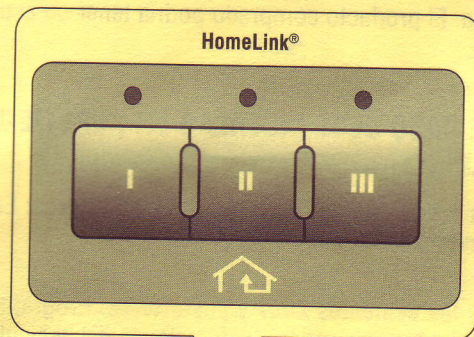

All 2006 and Older vehicles – A repeater kit is required and must be purchased by the homeowner.

All 2007 and Newer vehicles – Program the HomeLink® according to the vehicle instructions. If after ONE attempt to program the HomeLink® to the garage door opener and you are unsuccessful, install a repeater.

HOW TO ORDER:

Dealers: Order the HomeLink® repeater kit, model G855LM, via LiftMaster® dealer extranet at dealer.liftmaster.com or call the 1-800 dealer customers service line.

Homeowners: Order the HomeLink® repeater kit from an installer or call 1-800-355-3515. To program the HomeLink® repeater kit, refer to the instructions provided in the kit or visit: <http://www.homelink.com/program>

INSTALLATION QUICK FACTS:

- Only one repeater kit is required per home.
- Use different HomeLink® buttons in vehicle if programming multiple cars, button 1 first car, button 2 second car... etc.
- HomeLink® remote is NOT a garage door opener.
- If you are using the HomeLink® repeater with a garage door opener that has a **battery backup system**, ensure your original garage door opener remote control is programmed to the garage door opener and place it in your glove box for use in the event of a power outage.
- The remote included in this repeater kit **MUST** be kept for future programming (new vehicle, new garage door opener etc).

Repeater Kit
